VOLUME XIV. No. 43

EMPRESS, ALTA. THURSDAY, Mar. 24, 1927

Price: \$2.00 Per Year

United Church

Church School, 2 p.m.

This is the last Sunday of our Church year, and all missionary boxes are to be brought in by the boys and girls. Let every one be on hand.

Rev. R. W. Hibbert, B.A., a provincial Sunday School worker will speak to the boys and girls.

Public Worship, 7.30 p.m.

One reason for our existence as a church lies in the protecting and guiding influences that we may be able to throw around the lives of the young. We shall be interested, therefore, in the message of Rev. R. W. Hibbert, B.A., Calgary, General Secretary of the Religious Education Council of Alberta, as he tells us of this phase of the work of the Church.

Appropriate music will be rendered by the Choir.

N. W. Whitmore, Minister.

Forks

Public worship on Sunday next, March 27 at 11 o'clock a.m. Attention is directed to the change in hour. Speaker will be Rev. R. W. Hibbert, B.A., of Calgary, a Specialist in Sunday School and young people's work. All, both old and young, will be assured of a timely message.

N. W. Whitmore, Minister.

Easter Meeting of W.M.S.

The Easter Meeting of the Woman's Missionary Society, held Wednesday afternoon at the home of Mrs. Kelley, was well attended.

Mrs. Wm. Rowles, of Castle Coombe, gave an Easter message, portraying the events of the last week of the life of Christ: emphasizing the virtues of humility, love, joy and service so well portrayed by our Divine Master. Mrs. Kelley led the Easter responsive reading.

Mrs. A. M. Belfie read a suitable poem, "If Life Were All," and Mrs. Thos. Rowles sang very acceptably, "Come Unto Me." The Thank-offering amounted to \$50. The social time was much enjoyed by all.

The Executive wish to thank all who helped to make the meeting a success.

Daly M. Gray, was in town, today, and said that information be gathered while in Calgary was to the effect that there will be drilling commenced on one or two wells this year at Steveston.

Mrs. G. Turner, left for Kamloops, on Tuesday, to attend the funeral of her brother, Herbert McKay, who passed away Saturday, March 19. Deceased was the son of Mr. and Mrs. W. McKay, and will be remembered by old-timers. He had been in poor health since residing at Kamloops. Much sympathy is felt for the bereaved family.

Hospital Notes

Jack White, young son of Mr. and Mrs. Fred. White, Atlee, is a patient in the hospital.

Mike Stein, of Richmond, was admitted to the hospital in a serious condition, this week, suffering from heart trouble.

Glen Morrison, is now much improved in health and able to walk around.

Dr. A. K. McNeill, has purchased an electric Sorenson tonal and adenoid outfit.

Born—To Mr. and Mrs. Wilbur Clark, of Bindloe, March 24, a daughter.

Mrs. Henry Swenson, and baby daughter, of Bindloe, are spending a few days with Mrs. Don, McEae, before returning home.

Miss MacDonald, night nurse at the hospital, is spending a few days holiday in Gabri.

"Th Jury of Our Peers," is the title of the play to be presented by local talent in the theatre, Wednesday, March 30.

Cavendish Notes

Mr. Wonaocott, arrived in Cavendish, on Friday night's train from Calgary, commencing school teacher duties on Monday.

J. B. Plowman, arrived on Friday night's train from the West.

Owing to the storm of last week the big concert and dance was postponed until April 1.

The regular meeting of the U.F.A. was held in the hall on Friday last. After the meeting a very enjoyable dance was held.

Winter Wheat

The small acreage of Winter wheat which was sown in the district last Fall, according to report, apparently is coming through very favorably, and at present it has the appearance of being a successful experiment.

Farwell Party

A farwell party was held in honor of Miss Naomi Boyd, at the home of Mrs. Kelley, on Monday evening last. Her young friends to the number of about forty, gathered for some real good fun. Original contests, clever fortune telling and a little of the light fantastic were the amusements. During the evening, Naomi was presented with an ivory clock and tray from members of the O.G. group. Her friends here will not forget her even as they hope she will make worth-while new friends in Grande Prairie.

Here and There

Passengers aboard the Canadian Pacific Empress of Scotland were not deprived of visiting China on the present round-the-world cruise of this ship, an account of the recent trouble in that country. Word from the cruise director is to the effect that the passengers received a warm welcome at Shanghai and that the Chinese were most friendly.

A new Canadian bird, the "turken," has made its appearance. It is a cross between a turkey and a Rhode Island hen, and was first brought to public attention at the Edmonton poultry show. George Spurgeon, who raised it, claims that it will effect a revolution in the poultry business, as it combines the best features of the hen and the turkey. It has a hen body and a turkey head.

His Majesty King George and H.R.H. the Prince of Wales notified the British section of the World's Poultry Congress that they intend to exhibit poultry at the congress exhibition to be held in Ottawa from July 27 to August 4 next. There is also a possibility of the Queen of the Netherlands and King Alfonso of Spain sending exhibits, in which case the Canadian capital will be the first city in the world privileged to house the exhibits of several royal families.

Gives Concert From Airplane

Ginger in Machine 4,000 Feet Up Uses New Device

In flight approximately 4,000 feet above the street, John Charles Thomas, concert baritone, sang operatic arias to an audience in Columbus circle, New York, in the first official test of the "Voice of the Sky," a secret sound-producing and amplifying device which makes possible direct vocal communication between aircraft and any one on the ground.

Mr. Thomas sat snugly in a cabin of plane, singing and talking into this newly perfected amplifier of the Plane Speaker Corporation of Philadelphia, while his audience stood staring in the flight below.

Despite the fact that the plane was banking of a 10-mile breeze, and despite the din of street traffic, the melodies were heard distinctly by the crowds on the sidewalks.

"Hello, New York," came down from the sky in stentorian tones. Then to further demonstrate the amplifier, Mr. Thomas while circling about, addressed his ground audience briefly.

Leaders in the aircraft industry witnessed the demonstration. Major General John F. O'Rourke, president of the Colonial Air Transport Company of New York, one of whose planes was used in the test, said he believed the "Voice of the Sky" would be of great value in commercial aviation.

"With this device installed in planes on our New York-Boston route, and on the proposed New York to Chicago route," he said, "it will be possible to communicate with the towns and cities over which they pass, as 'No mail today for Sandusky' or similar spoken messages from the air."

"CASCARETS" FOR COSTIVE BOWELS, HEADACHE, COLDS

Tonight! Clean your bowels and stop headache, colds, sour stomach

Get a 10-cent box. Turn the rascals out the head-ache, biliousness, indigestion, sick, sour stomach and bad colds that you tonight and keep them out. Millions of men and women take a Cascaret now and then and never know the misery caused by a liver clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets clean your stomach, remove the sour, fermenting food, take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel like a new man.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean healthy liver and bowel action for months. Children love Cascarets because they never offend or offend.

Old Locomotive in Museum
One of the world's oldest locomotives, long famous in England as the Bolton Colliery locomotive, has come to rest at last in a railway museum in York after a triumphant tour of exhibitions. This veteran, in many respects the first passenger engine, Locomotive No. 1, was built in 1825, rebuilt in 1857, and again in 1882.

B.C. Depending on Praries
Their Development Means Greater Advancement for the Province.
British Columbia is greatly concerned in the pending and developing of the prairie provinces, according to Senator A. D. McMillan, M.P., for North Vancouver.

"In the progress of the prairie provinces," said McMillan, "we are now great changes to go ahead. We are aware of the importance of obtaining Alberta's wheat for shipment through the port of Vancouver."

He thought the time was not far distant when prairie cattle would find their way as fresh meat via the Panama Canal to the British market. Both fruit and meat would soon be shipped by this route, he said, as the result of the construction of a new and efficient cooling system on Pacific transports.

"I realize the gravity of the situation," said Sir Isaac Newton as the falling apple hit him on the head.

Less Than Living Wages

McGill Professor Says 16,000 Women in Canada Receive Poor Pay

There are 16,000 women employed in Canadian industries at less than a figure which is considered a bare living wage. Professor W. W. Gifford of McGill University declared in an address in the university extension course of the professional institute at Ottawa.

Professor Gifford spoke on "The Minimum Wage—Its Application to Canada," and he described in some detail the efforts made in this and other countries to establish by legislation the basis of a living wage and the perils confronting legislators in the matter.

He was prepared to admit the "theoretical desirability" of a minimum living wage for all workers.

Announcement to RED ROSE TEA Enthusiasts

CENTURIES ago, when tea was first introduced to the English Nobility, the precious leaves—then almost priceless—were packed in sealed lead containers.

For many generations lead continued to be used as a protective package for all fine quality teas. Then the modern metal, Aluminum, was introduced. But during war-time and later, paper bags and paper boxes were largely used and have held sway ever since.

In our 30 years experience putting up Red Rose Tea we have used all these containers and each has some particular merit.

But careful tests over a long period prove that Aluminum is by far the best container that has yet been found, and paper packages of every kind the poorest. When in contact with dampness paper absorbs moisture which soon affects the quality of the tea, and in some instances completely spoils it.

Having found the paper package unreliable and uncertain, we have again adopted the Aluminum package which we used years ago. For we know that Aluminum can be better depended upon than any other.

Unlike paper, Aluminum does not absorb moisture. It preserves all the original flavor and strength. So now and in the future Red Rose Tea will be packed in the Aluminum package, as it was in years gone by.

Establishes Home for Blind

Former Jewish Immigrant Afflicted Himself Aids Fellow Sufferers

Shelton Needham, stricken blind while travelling to America as an immigrant 22 years ago, is awaiting the opening on April 1 of the Home of the American Jewish Association for the Blind, his country, to assist people of his race.

After being detained at Ellis Island until Mr. Needham tested a bond against the possibility of his becoming a public charge, Needham began selling papers at the age of 15. With the money saved from newspaper peddling he founded a printing company in 1912. Eleven years later he began planning construction of the home.

His stay while a boy at the Industrial Home for the Blind in Brooklyn, where he would not eat food prepared there, prompted the idea of an orthodox Jewish institution for the sightless.

Expect Cheaper Cars
"Canadians are to purchase their motor cars a little cheaper as a result of the 20 per cent. reduction in sales tax rate by the Federal government. It was computed in automobile circles that following the tax reduction the retail price of the majority of cars will shortly be reduced from about \$5 to \$15, or approximately the cost of the automobile license. The sales tax on motor cars is charged on the actual cost to the local dealer, or the state paid value plus freight and excise tax."

Eclipse of the Moon

Five Eclipses of the Moon and Sun Will Be Seen This Year

Two eclipses of the moon and three of the sun, as well as the return of several meteoric showers, are among the astronomical events slated for 1927, says Popular Mechanics Magazine.

Of the eclipses, only one will attract much attention. It occurs on June 29 and will be visible in England early in the morning, the first eclipse seen there for two centuries. June 15, an eclipse of the moon will be witnessed throughout the United States and Canada at 5:13 a.m., eastern standard time; the moon will be completely hidden by the shadow of the earth. The other eclipse of the moon takes place in December, but will not be visible here.

Major Strange Addresses Hanna Farmers on Producing Prize Winning Wheat

Major Strange, winner of the World's wheat championship, addressed a mass meeting of farmers at Hanna, on Monday, March 14. The object of the meeting was to foster interest in a Kiwanis local wheat competition and at the same time bring to the farmers the best first hand wheat growing information by way of Major Strange, to improve the class of seed and endeavor, if possible, to secure the World's wheat championship for the Hanna district.

Major Strange is very optimistic over the chances of the farmers in that district who will seriously undertake to contest for the premier wheat honors. He emphasized the need of the semi-dry areas for the production of quality wheat with registered seed, with the Marquis wheat his favorite. He was against mixing too many varieties, and had not much use for Garnet as a quality wheat.

We would say to our farm-

ers that there is equal chances for them to raise prize-winning wheat by the right selectivity of seed and growing. A big proportion of the Canadian wheat crop graded tough, while in this part of the country we had a large proportion of No. 1. And it is stated as a fact that the Lake of the Woods Milling Co., have said that they get their best milling wheat from this district.

What The Germans Thought

In speaking of the Great War and its influence upon Canadian agriculture, Major Strange intimated that we scarcely knew how fortunate we were to escape from being under German rule. To illustrate his point, the speaker recounted, how he had seen a map of Alberta which had been taken from a Russian officer. On this map a heavy black line was drawn north and south approximately through the centre of the province. He explained that the Germans were so sure of winning the war and thus capturing Canada that they had already laid their plans for ag-

ricultural development. In respect to the aforementioned black line, the map carried the information that west of this line, every farmer shall grow potatoes as his chief crop—Hanna, Herald.

It was at a revival in a Southern church. One chorale and stoutly resisted the other's exhortations.

"You see it this way, Eldah: Ah! does not a problem. Ah! don't see how Ah! get me get me shirt on with mah jings when Ah gets to glory."

"Dat ain't ya problem," retorted the Eldah. "Yo problem is how ya get it ya hat with ya horns."

Youth Victorious in Quebec Dog Derby

1—Emile St. Godard, winner of Eastern International Dog Derby. 2—St. Godard's team on the home stretch. 3—Paddy Nolan, 15-year old winner and team which ran 1st in 1926. 4—St. Godard's team, runner-up in race. 5—St. Godard's team, runner-up in race.

Youth made a successful bid for supremacy in the dog derby, when Emile St. Godard, 19-year old dog musher from The Pas, Manitoba, won the Eastern International Dog Derby held at Quebec February 21, 22 and 23. His team of seven highly-trained greyhound hunkies dashed over the finish line of the three-day race, covering the 120 grueling miles in 11 hours and 37 1/2 minutes, beating all previous records by 24 minutes and 35 seconds. He secured for the second time, the first in 1926, the handsome cup donated by the Quebec International Dog Sled Derby Club.

Leonard Sepalla, hero of the epic race with serum to the stricken Alaskan city of Nome, was a strong contender in the Quebec classic and finished just 20 minutes behind St. Godard. Sepalla, experienced driver as he is, was forced to give way to a man 30 years younger, driving a team of better trained hunkies than his own. Sepalla bettered St. Godard's time by several minutes in the last day of the race, as the winner was forced to stay on the sled a greater

part of the race owing to a strain on his leg. George Chevrolet disputed every inch of the hilly course for second place but was beaten out by the Alaskan musher. "Paddy" Nolan the 15-year old contestant made one of the most remarkable showings in dog racing annals when he finished fourth out of fourteen entries. To add glory to the reputation made last year, when, although his dogs were disqualified for fighting, he stuck to the trail and finished ninth in a field of 20, the whole of the distance being run in a blinding blizzard. A groom however had been cast over the Nolan household recently for the day after Paddy's great race his mother, who had been lying ill in the hospital, died. After each day of the race Paddy would leave his dogs in charge of friends and go to his mother's bedside at the hospital. The course of this lad is a general topic of discussions, and old and experienced mushers are concerned over his performance.

Young St. Godard hails from the northern Manitoba town where

use of dogs is a commercial necessity. Here it was that dog racing in Canada first took place. A group of devotees, wishing to perpetuate the all-Alaskan Sweepstakes, which died out in 1915, gathered in the Snake Room of the Opasquet Hotel and arranged to hold an annual race which they have carried out. St. Godard has been the winner of this last race at The Pas several years, including the race in January.

Out of 100 dogs in the recent race at Quebec, there were but three recognized "bad" dogs. They were "Tubby" St. Godard's leader; "Tubby" Nolan's last year's "Bo" Frank Dupont, winner of the race last year, finished 5th with but three dogs in harness. It is the driver who can successfully train the leader of the pack who is going to pilot his team to victory. Dogs in a team are not unlike any other men or animals; there must be a guide. Sepalla's famous Alaskan method of entering the Canadian race this year secures victory. They battled heroically in

True Distinction

Beautiful Chevrolet
Chevrolet History

NOT merely to provide an economical means of transportation has been the aim in the making of the Most Beautiful Chevrolet—but to produce a car, at low price, which would satisfy the motorist's four tastes. True distinction is evident in every line of the Fisher-Built Bodies of the Most Beautiful Chevrolet in Chevrolet History. Refinement and good taste are reflected in the new body colorings in the rich, luxurious upholstery—in the handsome new radiator design—in the massive full-crown fenders—in the fine-quality hardware—in the completeness of the appointments.
